<b>Description</b>			
<p>I searched a Round Trip and selected a 1 Stop Flight with layover time. Took a flight with the total duration's of onward and Return journeys different.</p> <p>From Pax page Onwards, the Flight Summary shows total duration Along with journeys. It is supposed to show layover time only below each onward and return. instead it was showing total duration in the place of Layover time.</p> <p>Please see to it. Issue exists for all Oneway, roundTrip and Multicity. Apply the same fix for all subprojects including 3otolat.</p>
