As discussed with Sreerag,. this issue have done for flight hotel sports only as on urgent priority. so according to other properties like activities and transfers not done yet.

As of now agency logo is shown correctly only for flight transactions

For Hotel there is no agency logo

For sports, irrespective of the image size, logo is shown in large size (Design Broken), Attaching the screen shot of the same - Might be UI related issue (due to height is not given)

Issue fixed for Hotel and sports, as Mr Arun mentioned before the issue is only for Sports and hotel and there is no issue for flight. So I did not check the flight section and other properties like activities and transfers.
