Description

1)If i search a Sports Sales Report with Transaction status as "All" option,

then No result shows.

The same is working fine in Staging.

2)Under Transaction Status, the "Booked" status should be changed to "Reconfirmed". (Same mentioned under Feature #37717.)

3)In Sales report for Sports, the field "Supplier price" is missing in 100.

It is present in Staging correctly.

Please see to the Issues.

Refer sales report in staging for correct view: Tripnet.caxita.ca
