Description

Please check the attachment and update in B2B booking page, their should be a checkbox as mentioned in hotel booking page in attachment.

Now for the B2B "Tripnet", we will be offering :

- 1) Standalone rates
- 2) B2B standard package rates where the tool can display our Hotel package rates as long as you clearly label them as package rates, display the Package rate condition (which you can find in our documentation) and add a tick box for the agent to click on before proceeding in booking the package rate for the customer.
